NO YOUNG MAN CAN BEAT THIS USER'S DAY'S WORK
And A. T. Keener's New Health and Strength Came Straight From Nerv-Worth.
This resident of No. 310 Buckhannon street, gives the very best of reasons for the Nerv-Worth faith that is in him. This is what he signs his name to:
"You have a great medicine. It has done wonders for me.
"My condition was bad. I was completely broken down. I could not sleep at all or eat. Was tired all the time and felt miserable.
"I have taken different kinds of medicine, but none of them have done me any good to speak of.
"I weighed 165 to 170 pounds, but have taken two bottles of Nerv-Worth and I weigh 190 pounds now and I never felt any better in my life. Never get tired and can do as good a day's work as a young man."
A. T. KEENER.
Dollar back at Burke's Drug Store, if Nerv-Worth does not help you.—Advertisement.

GOOD ROADS
Observation No. 11
(By Citizen)
The one question discussed by the people generally today, more than any other, excepting war, is the question of good roads.
Many citizens of Harrison county and especially the residents of Clarksburg and Simpson district, were very greatly disappointed in the recent bond issue which election was directed to be held in Simpson district a few days ago and which resulted in the defeat of the bond issue. Many people have asked parties in interest, why the bond issue lost, when it was so much needed, not only in the town of Bridgeport, but in Simpson district and for the benefit of those in interest, the writer desires to call attention to one, if not the only cause of the defeat.
It is true a large number of farmers who reside on Brushy Fork opposed the bond issue for the reason that the road was not built to the Barbour county line and reported that what was to be built would be only eight feet; but the real defeat did not come from the hands of the farmer, but from the officers of the Grasselli Chemical Company, situated at Grasselli in Simpson district. The gentlemen in charge of the plant and resident of Grasselli, favored the bond issue and the building of good roads, for the reason that it gave to Grasselli, permanent roads leading through the town east and west and also leading from the town of Grasselli to Bridgeport, making all of the roads in the village of Grasselli permanent improved roads. Everything was going along nicely until on Saturday prior to the election which was held on Tuesday, June 20. The opposition as stated by one of the high officers who resides in Grasselli, came from the gentleman who own the plant and reside in the state of Ohio. These Ohio gentlemen notified their officers at Grasselli to oppose the bond issue for the reason that they were paying all of the taxes in Harrison county that they thought they were able to pay and did not care to be burdened any further. This was such a shock or revelation to the writer that he immediately proceeded to the office of the assessor of Harrison county to ascertain the amount of the property assessed to the Grasselli Chemical Company in said district, and found that in 1915 the real estate was assessed at the small sum of \$111,000 and that upon examining the returns for the year 1916 found that the Grasselli Chemical Company has raised their real estate valuation upon their own returns, in round figures of \$25,000 making a total assessment of the real estate of \$137,000 and the writer charges that the plant is easily worth more than \$1,000,000 and purchasers for the same at that price can be had at any day.
We inquire if it is fair to the citizens of Simpson district that a great corporation, declaring the enormous dividends that it has in the past year, and after the people of Harrison county have given to them the very real estate upon which said plant is located without the cost of a dollar, and yet they are accumulating thousands upon thousands and tens of thousands upon tens of thousands of dollars of net profit each year and yet those men who reside out of the state dictate to their employees here, saying that they should

THE BURDEN OF PROOF
In case of disputes over payment of a bill, the burden of proof lies with you to prove that you have paid it, and a receipt must be shown.
If you pay all your bills by check, you always have the necessary proof. The check is a good receipt and you cannot lose.

Lee & Parr Hardware Co.
434 West Pike Street
oppose a bond issue for permanent roads for the reason that the Grasselli Chemical Company pays all of the taxes that they can afford to pay.
It seems that no one has paid any attention to the fact that the Grasselli Chemical Company has had its property upon the land books in this county at such a very small per cent of its true and actual value and it had not been inquired into by any one in interest but since the honorable gentlemen whose bank accounts are swollen by the enormous net profits from month to month and year to year by their plant so fortunately situated have objected to the building of roads for the improvement of their own immediate town and the district of Simpson, it seems to the writer that it is high time that the public was informed upon this matter and that some steps should be taken to require this corporation to come along and share its true burden with other taxpayers in Harrison county and Simpson district.
There is also an interesting story which may be made public as to why the Grasselli Chemical Company is now in Simpson district instead of in Clark as it formerly was. The writer asks if it is fair that a plant, that is worth from six to ten times the value that it is assessed at, should remain upon the land books in this way and that these rich stockholders who reside in an adjoining state should be permitted to go free and not pay their just proportion of the taxes. Anyone who is interested in the matter can easily verify the statements of the writer by going to the assessor's office in Harrison county and examine the records.
The one hundred and thirty-seven thousands dollars (\$137,000) above mentioned is the valuation of the real estate and there is certain personal property, assessed in 1915 at \$69,000 which added to the real estate makes the entire plant amount to the sum of \$106,000. As was said in the beginning of this article, the men in charge of the local plant were for the bond issue until Saturday before the election, and had they remained neutral and not having made such an effort as they did to vote against the bond issue the same would have easily carried for the reason that it lost by a very small number, to-wit, only eight votes.
The writer would like to see the Grasselli Chemical Company assessed at its true and actual value and with this increase in wealth and taxable property in Simpson district, we could easily have a bond issue for two hundred and fifty or two hundred and seventy-five thousand dollars, which would be ample to build all of the important roads in the district.
Mrs. James Dodie, 90, of Melrose, Mass., says eating candy has prolonged her life.
